## National Ladder Safety Month

### LADDER SAFETY and HOW IT AFFECTS EVERYONE

#### THE NUMBERS SPEAK FOR THEMSELVES

2000

**Ladder injuries**  
everyday

364

**deaths** caused by  
falls each year

6-10 ft.

The **most common ladder falls** happen between 6-10 feet off the ground

WHETHER YOU'RE USING A LADDER AT HOME OR AT WORK, THESE NUMBERS AFFECT YOU.

**2** most **common ladder accidents** include:

1. **Overreaching**
2. **Missing the last step when climbing down**

Take safety into your own hands by taking ladder safety seriously.
